SKILLS

- Teamwork
- Time Management
- Problem solving
- Programming
 - R, Python, Scala, C, C++, Matlab, Mathematica, SQL
- Microsoft office programs
- Gitlab

LANGUAGES

- Finnish (Mother tongue)
- English (Excellent)
- Swedish (Fluent)

PROJECTS

Email: pekka.alestalo@aalto.fi

PROFILE

Master's degree student in Mathematics and Operations Research (specializing in Applied Mathematics), possessing a strong theoretical foundation and a deep passion for Data Science and Machine Learning. Experienced in collaborative teamwork, I have a proven ability to quickly adopt new methods and technologies. I am actively seeking analytical and developmental roles where I can leverage my mathematical expertise and continuously pursue professional growth.

WORK EXPERIENCE

Ilmarinen 2025
Data scientist trainee:
Responsible for SQL development and data migrations supporting data warehouse modernization, including work with SAS, BigQuery, and documentation. In addition, produced reports, analyses, and statistics using Python, and participated in developing to AI solutions.

Aalto University 2024 - PRESENT
- Department of Mathematics and System Analysis
Research assistant:
Study of embeddings of the high-dimensional compact spaces, a processes known as high-dimensional reduction. These processes are used in various applications in high-dimensional statistics and machine learning such as clustering and nearest-neighborhood search methods.

Teaching assistant:
Teaching mathematics and analysis of different fields of mathematics in courses Linear Algebra, Differential and Integral calculus I and II, Stochastic Processes and Introduction to Optimization.

Borealis Polymers Oy 2021 & 2023
In the duties of a loading operator in the material handling department:

- Loading plastic pellets in to tankers and containers

Sipoon kunta / Municipality of Sipoo 2016 - 2021
Sipoo youth councilor
Municipal decision making and representative's duties of youth of Sipoo in the committees of Sipoo suomenkielinen koulutusjaosto and Sosiaali- ja terveystoimikunta.

Sibbe Disc Golf 2018 & 2019
Disc golf course maintainer
Selling tickets and disc golf products and maintaining a disc golf course. Arranging disc golf tournaments with co-operation with NBDG such as Tyyni 2019 & 2018

EDUCATION

Master of Science and Technology 2025 - Present
School of science | Aalto University
Major: Applied mathematics **GPA: 4.80/5.00**
Minor: Machine Learning, Data Science & AI **Credit: 70/120**

Exchange student at Technische Universität Wien
Studies: Financial and Applied mathematics

Bachelor of Science and Technology 2022 - 2024
School of science | Aalto University
Major: Mathematics and System Sciences **GPA: 4.77/5.00**
Minor: Data Science / Compute Science **Credit: 180/180**
